- (a) "Buyer" or "SDI" means SpaceDev, Inc., a corporation operating in the State of Colorado, as represented by an authorized representative.
- (b) "Contracting Officer" means the person executing the Prime Contract on behalf of the Government, and any other person who is properly designated as a Contracting Officer. The term includes the authorized representative of a Contracting Officer acting within the limits of his authority.
- (c) "FAR" means the Federal Acquisition Regulation, issued as Chapter 1 of Title 48, Code of Federal Regulations.
- (d) "Government" means the United States of America or its authorized representative.

- (e) "Prime Contract" means the contract, if any, between Buyer and the Government or the contract between Buyer and a higher tier seller.
- (f) "Purchase Order" means this order in its entirety, including all exhibits, attachments, Statements of Work and releases for any such work issued hereunder.
- (g) "Seller" means the addressee of this Purchase Order or inquiry.
- (h) "SDI Procurement Representative," means a person authorized by Buyer's cognizant procurement organization to administer and/or execute this Purchase Order.
- (i) "Supplies" means the labor, articles, materials, goods, services or other items purchased by this Purchase Order.

2. Contract Formation

Acceptance of this Purchase Order, by acknowledgement, receipt of goods or by beginning performance of services by Seller shall constitute acceptance of the conditions set forth below and on the face of this Purchase Order. Acceptance by Seller is limited to the terms of this offer and Buyer objects to, and is not bound by, any additional or differing terms stated in Seller's acceptance. Seller's acceptance of this Purchase Order creates a binding order between Seller and Buyer ("this Purchase Order"), which shall be governed by the terms and conditions herein. Any change to the terms and conditions of this Purchase Order by Seller shall have no legal effect unless expressly agreed to in writing by Buyer.

3. Acceptance and Rejection

- (a) Buyer shall accept the Supplies or give Seller notice of rejection or revocation of acceptance ("rejection" herein), notwithstanding any payment, prior test or inspection, or passage of title. No inspection, test, delay or failure to inspect or test or failure to discover any defect or other nonconformance shall relieve Seller of any obligations under this contract or impair any rights or remedies of Buyer.
- (b) If Seller delivers non-conforming Supplies, Buyer may at its option and at Seller's expense (i) return the Supplies for credit or refund; (ii) require Seller to promptly correct or replace the Supplies; (iii) correct the Supplies or (iv) obtain replacement Supplies from another source.
- (c) Seller shall not redeliver corrected or rejected Supplies without disclosing the former rejection or requirement for correction. Seller shall disclose any corrective action taken. Repair, replacement and other correction and redelivery shall be completed within the original delivery schedule or such later time as Buyer's Authorized Representative may reasonably direct.
- (d) All costs and expenses and loss of value incurred as a result of or in connection with nonconformance and repair, replacement or other correction may be recovered from Seller by equitable price reduction or credit against any amounts that may be owed to Seller under this contract or otherwise.

4. Delivery

- (a) Time is of the essence and failure to deliver in accordance with the delivery schedule under this Purchase Order, including quantities and times, if unexcused, shall be considered a material breach of this Purchase Order. If, for any reason, Seller does not comply with Buyer's delivery schedule, Buyer may, at its option and without liability, either approve a revised delivery schedule or cancel this Purchase Order. If Seller is late, Seller shall pay the difference between the shipping rate specified and the actual expedited rate. Supplies shall not be supplied in excess of quantities specified in this Purchase Order. No acts of Buyer, including, without limitation, modifications of this Purchase Order, acceptance of late deliveries or payment in any amount, shall constitute waiver of this provision. Buyer also reserves the right to refuse or return at Seller's risk and expense shipments made in excess of Buyer's orders or in advance of required schedules, or to defer payment on advance deliveries until scheduled delivery dates. Buyer may, from time to time, change or direct temporary suspension of delivery schedules.

SPACEDEV, INC.

STANDARD MILITARY PURCHASE ORDER TERMS AND CONDITIONS

(May 2008)

- (b) Seller shall promptly notify Buyer in writing of any actual or potential delay to the performance of this Purchase Order. Such notice shall include a written recovery schedule, an explanation of the reasons for delay and the actions being taken to overcome or minimize the delay, but such notice and proposal, or Buyer's receipt or acceptance thereof, shall not constitute a waiver of Buyer's rights and remedies hereunder.
- (c) Neither party shall be liable for damages for delay in delivery arising out of causes beyond its reasonable control and without its fault or negligence. If the delay is caused by the delay of a subcontractor of Seller and if such delay arises out of causes beyond the reasonable control of both Seller and the subcontractor, and without fault or negligence or either, Seller shall not be liable to Buyer in damages unless the articles or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Seller to meet the required delivery schedule.

5. Late Delivery Penalties

In the event that any Supplies ordered under this Purchase Order are not delivered on or before the delivery date specified in this Purchase Order, then for each calendar day that such Supplies are not completely delivered the price of such Supplies shall be reduced by 5% until delivery of the Supplies is complete or the total price for each applicable delinquent delivery of Supplies has been reduced by 25%, whichever occurs first. These liquidated damages set forth herein reflect the mutual agreement of the parties and are considered a fair and reasonable assessment of the damages resulting from late delivery. In no event shall the provisions of this clause negate any other right, remedy or obligation provided to Buyer by this Purchase Order or applicable law. If liquidated damages are assessed as a result of late delivery, the total price of this Purchase Order shall be reduced by the amount of the liquidated damages incurred prior to payment of the invoice for the affected delivery.

6. Seller's Notice of Discrepancies

Seller shall immediately notify Buyer in writing when discrepancies in Seller's process or Supplies are discovered or suspected regarding Supplies delivered or to be delivered under this Purchase Order.

7. Packaging and Shipment

- (a) Unless otherwise specified herein, the Supplies required under this Purchase Order shall be prepared for shipment and suitably packed to prevent damage or deterioration, and in compliance with transportation regulations. Seller is solely liable for packing design and all charges for design, boxing, drayage, bundling, dungaree, containers, preparation, packing, crating or cartage shall be included in the Purchase Order price. Buyer may charge Seller for any expense incurred by Buyer as a result of improper preservation, packaging, packing marking or method of shipping.
- (b) Buyer reserves the right to specify the mode of shipment. Unless stated otherwise herein, the price includes shipping charges for Supplies sold F.O.B. Destination, Freight Prepaid and Allowed and shall also include all federal state and local taxes and all charges for shipping, hauling, storage, and transportation to the point of delivery.
- (c) Seller shall ship all Supplies to the destination specified by Buyer in this Order. A complete packing list shall be enclosed with all shipments. Seller shall mark containers or packages with necessary lifting, loading and shipping information, including the Purchase Order number, item number, dates of shipment and the names and addresses of consignor and consignee. All shipping documents, shipping labels, packing sheets and bills of lading must show full and completed information, including this Purchase Order number.
- (d) If any transportation charges paid by Seller are subject to reimbursement under the terms of this Purchase Order, Seller shall show such charges on its invoice as a separate line item with the freight bill receipt attached accordingly.

- (e) If Seller is unable to comply with the shipping instructions in this Purchase Order, Seller will contact Buyer's authorized representative.

8. Cancellation

Buyer shall have the right to cancel this Purchase Order or any part thereof at any time.

- (a) **Without Cause:** Buyer may, by written notice to Seller, terminate this Purchase Order or work under this Purchase Order for convenience and without cause, in whole or in part, at any time, and such termination shall not constitute default. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under this Purchase Order. In the event of termination without cause by Buyer, Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit (unless Seller would have sustained a loss on the entire Purchase Order had it been completed) for work performed to date of termination; provided, however, that no amount shall be paid to Seller for (i) any anticipatory profits related to work under this Purchase Order not yet performed, or (ii) costs incurred due to Seller's failure to terminate work as ordered on the effective date of cancellation. Any termination claim shall be submitted to Buyer promptly, but no later than sixty (60) days from the effective date of the termination. In no event shall the total amount paid under this provision exceed the respective prices set forth in this Purchase Order for the work. Buyer may take immediate possession of all work so performed upon written notice of termination to Seller. The provisions of this subparagraph shall not limit or affect the right of Buyer to cancel this Purchase Order for breach of contract and shall not apply to a breach of contract.
- (b) **Breach of Contract:** Buyer may, by written notice to Seller and without any liability to Seller on account thereof, terminate this Purchase Order for default, in whole or in part, if (i) Seller fails to deliver the Supplies within the time specified by this Purchase Order or any written extension; (ii) Seller fails to perform any other provision of this Purchase Order or fails to make progress, so as to endanger performance of this Purchase Order, and, in either of these two circumstances, does not cure the failure within ten (10) days after receipt of notice from Buyer specifying the failure or (iii) in the event of Seller's suspension of business, insolvency, appointment of a receiver for Seller's property or business or any assignment, reorganization or arrangement by Seller for the benefit of its creditors. If Seller fails to cure any failure listed in item (ii) above, Buyer may elect to reperform, repair, replace, or reprocure the work at Seller's expense. Seller is not excused from performance of the non-terminated balance of work under this Purchase Order.
- (c) Upon termination of this Purchase Order in whole or in part for any reason, Buyer may require Seller to transfer title and deliver to Buyer, as directed by Buyer, any (i) completed Supplies, and (ii) any partially completed Supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively, "Manufacturing Materials") that Seller has specifically produced or acquired for the terminated portion of this Purchase Order. Upon direction from Buyer, Seller shall also protect and preserve property in its possession in which Buyer or its customer has an interest. Buyer shall pay the contract price for Supplies accepted. Payment for Manufacturing Materials accepted by Buyer and price determined in accordance with the "Without Cause" section of this Purchase Order, except that Seller shall not be entitled to profit. Buyer may withhold from any amount due under this Purchase Order any sum Buyer determines to be necessary to protect Buyer or Buyer's customer against loss because of outstanding liens or claims of former lien holders.
- (d) If, after termination, it is determined that Seller was not in default, the rights and remedies of the parties shall be as if this

(May 2008)

Purchase Order had been terminated according to the "Without Cause" section of this Purchase Order.

9. Force Majeure

Except for defaults of Seller's subcontractors at any tier, neither Buyer nor Seller shall be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the Government in its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, strikes, freight embargoes and unusually severe weather. In the event that performance of this Purchase Order is hindered, delayed or adversely affected by causes of the type described above ("Force Majeure"), then the party whose performance is so affected shall so notify the other party's authorized representative in writing and, at Buyer's option, this Purchase Order shall be completed with such adjustments as are reasonably required by the existence of Force Majeure, or this Purchase Order may be terminated without cause.

10. Disputes

In the event that any claim or controversy arising out of this Purchase Order cannot be settled by the parties themselves, the parties agree to attempt in good faith to resolve such claim or controversy by mediation. Pending any decision, appeal or judgment in such proceedings or other settlement of any dispute arising under this Purchase Order, Seller shall proceed diligently with the performance of this Purchase Order in accordance with the decision of Buyer.

- (a) Any dispute arising under this Purchase Order which is not settled by agreement or pursuant to the following paragraphs of this clause may be settled by appropriate legal proceedings. Notwithstanding any other provision herein, any decision of the Contracting Officer under the prime contract which binds Buyer shall also bind Seller to the extent that it relates to this Purchase Order, provided Buyer shall have notified Seller promptly of such decision, and if requested by Seller, shall have appealed the decision in accordance with the Disputes clause of the prime contract and taken any further action as may be required under this clause. Certification of Seller's claim by Buyer pursuant to the prime contract's Disputes clause shall occur only after the execution of a hold harmless agreement by Seller.
- (b) Any decision on appeal, or any other decision of the Government under the prime contract which cannot be appealed under the Disputes clause of the prime contract if binding on Buyer, shall also bind Seller to the extent it relates to this Purchase Order, provided Buyer shall have promptly notified Seller of such decision and, if requested by Seller, shall have brought suit or filed a claim, as appropriate, against the Government. A final judgment in any such suit or final disposition of such claim shall be conclusive upon Buyer and Seller.
- (c) If any appeal, suit, or claim is prosecuted by Buyer under this clause, Seller shall be permitted, at Seller's expense, to participate fully in such prosecution for purposes of protecting Seller's interest. If requested by Buyer, Seller shall prosecute any appeal, suit, or claim initiated by Buyer at Seller's request. Each party shall cooperate fully in assisting the other in such proceedings. Buyer agrees that after Seller has commenced to participate in any claim or proceeding against the Government pursuant to this clause, Buyer will not enter into a settlement agreement with the Government or take other action which would prejudice Seller's rights in such claim or proceeding without Seller's consent.
- (d) During pendency of any dispute, decision, appeal, suit or claim covered by this clause, Seller shall proceed diligently with performance. All costs and expenses incurred by Seller and Buyer in prosecuting any appeal, suit, or claim initiated by Buyer solely at Seller's request, shall be paid for by Seller, otherwise each party shall bear its allocable share of the

expenses. The rights and obligations of Buyer and Seller under this clause shall survive completion of, and final payment under, this Purchase Order.

11. Labor Disputes

Whenever Seller has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Purchase Order, Seller shall immediately give notice thereof, including all relevant information relating thereto, to Buyer's authorized representative.

12. Remedies

- (a) Except as otherwise provided herein, the rights and remedies of both parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies; rather, the same shall remain in full force and effect.
- (b) Buyer shall be entitled at all times to set off any amount owing at any time from Seller or any of its affiliated companies to Buyer, against any amount payable at any time by Buyer or any of its affiliated companies to Seller.

13. Buyer Property

Seller will clearly mark, maintain an inventory of and keep segregated or identifiable all Buyer property and all property to which Buyer acquires an interest by virtue of this Purchase Order. Seller assumes all risk of loss, destruction or damage to such property while in Seller's possession, custody or control and will not use such property, other than in performance of this Order, without Buyer's written consent. Upon request, Seller shall provide Buyer with adequate proof of insurance against such risk of loss. Seller will promptly notify Buyer if Buyer property is lost, damaged or destroyed. As directed by buyer, upon completion, termination or cancellation of this Order, Seller will deliver such property, to the extent not incorporated in delivered end products, to Buyer in good condition subject to ordinary wear and tear and normal manufacturing losses. Supplies made in accordance with Buyer's specifications and drawings shall not be furnished or quoted by Seller to any other person or concern without Buyer's prior written consent. Upon completion of this Purchase Order, Seller shall promptly return to Buyer all drawings, specifications and other data furnished by Buyer in connection herewith, together with all copies or reprints then in Seller's possession and control, and Seller shall thereafter make no further use of nor disclose to others, any such drawings, specifications, data or documents or any information derived therefrom without Buyer's prior written consent. Nothing in this clause limits Seller's use, in direct dealing with the Government, of property in which the Government has a vested interest. At the request of Buyer, Seller shall execute any documents, including but not limited to financial statements, required by Buyer to protect its interest in its property.

14. Government Property

Seller shall comply with FAR Clauses 52.245-1 Government Property and Subpart 45.5 of the FAR "Management of Government Property in the Possession of Contractors" in effect on the date of this Purchase Order and which are incorporated by reference. Seller assumes all risk of loss of or damage to said Government Property while in Seller's custody or control and will immediately notify Buyer of loss of, destruction of or damage to such property. The obligation to annually report and be responsible for said Government Property shall survive termination or completion of this Purchase Order until such time that Seller shall deliver such property or be relieved of this responsibility as directed in writing from Buyer.

15. Release of Information

Seller shall not publish, distribute or use any information developed under or about the existence of this Purchase Order, or use the SDI name (or the name of any division, affiliate or subsidiary thereof), logo, trademark, service mark or trade dress, for the purpose of advertising, making, denying or confirming a news release, creating

a business reference, creating a website content or for products or service endorsement without prior written approval of Buyer. Seller shall include all provisions of this paragraph in all lower tier subcontracts under this Purchase Order.

16. Order of Precedence

All documents in this Purchase Order shall be read so as to be consistent. In the event of conflict, the order of precedence is:

- (a) the Schedule;
- (b) the Terms and Conditions contained herein;
- (c) the Buyer Specification, if any;
- (d) any documents incorporated herein by reference. Seller will not use any specification in lieu of those in this Purchase Order without the written consent of Buyer's authorized representative.

Buyer Specifications shall prevail over those of the Government, and both of the foregoing shall prevail over specifications of Seller.

17. Warranty

Seller warrants that the performance of work and services under this Purchase Order shall conform to the highest professional standards. Seller warrants the Supplies delivered hereunder to be free from defects in workmanship, and materials; to be new and of the most suitable grade of their respective kinds; to conform to application specifications, drawings, samples or other descriptions given; to be suitable for the purpose intended; to be of merchantable quality and, if of Seller's design, to meet all of the performance requirements and to be free from defects in design. Seller also warrants that the Supplies shall be so manufactured or constructed as to operate satisfactorily as specified. This warranty shall run to Buyer, its successors, assigns, customers and the users of Supplies covered by this Purchase Order. The aforesaid express warranties shall be in addition to any standard warranty or guarantee of Seller, shall be construed as conditions as well as warranties and shall not be exclusive. Seller agrees to replace or to correct any Supplies not conforming to the foregoing requirements when notified by Buyer within two (2) years after final acceptance or within one (1) year after installation, whichever is earlier, at no additional cost to Buyer. No inspection, test or approval of any kind, including approval of designs, shall affect Seller's obligation under this paragraph. Supplies which have been rejected shall not thereafter be tendered for acceptance unless the former rejection and correction are identified. Replaced or repaired Supplies shall be subject to the provisions of this paragraph to the same extent as the original Supplies, except that the warranty shall run from the last delivery date. Seller shall be liable for and save Buyer harmless from any loss, damage, or expense whatsoever that Buyer may suffer from breach of any of these warranties.

18. Buyer Approvals and Reviews

The review or approval by Buyer of any work hereunder or of any designs, drawings, specifications or documents prepared hereunder shall not relieve Seller of any of its obligations under this Purchase Order, nor excuse or constitute a waiver of any defects or nonconformities in any Supplies furnished under this Purchase Order, nor change, modify or otherwise affect any of the provisions of this Purchase Order, including, but not limited to, the prices and delivery schedules contained herein.

19. Prices and Taxes

Unless this Purchase Order specifies otherwise, the price of this Purchase Order includes, and Seller is liable for and shall pay, all taxes, impositions, charges and exactions imposed on or measured by this Purchase Order except for applicable sales and use taxes that are separately stated on Seller's invoice. Prices shall not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption. To the extent that Buyer is required to do so under applicable U.S. law or tax regulations, Buyer may deduct from any payments due to Seller pursuant to this Purchase Order such taxes as Buyer is required to withhold from such payments and pay such taxes to the relevant tax authorities; provided, however, that Buyer provides Seller with relevant tax receipts or other suitable

documentation evidencing the payment of such taxes promptly after such taxes are paid.

Seller warrants that the price of all goods and services set forth herein does not exceed that price which is charged by Seller to any other commercial customer purchasing similar services or goods of like quantity, quality and circumstance.

20. Invoice and Payment

Invoices shall be supported by such documents in such form as Buyer may reasonably request and bear such certification as may be required by law, regulations or this Purchase Order. All payments are contingent on acceptance of the Supplies by Buyer. Seller shall issue separate invoices for each shipment showing the amount of material shipped and Buyer's Purchase Order number. Part numbers shall appear on all invoices, packages, crates or boxes, bills of lading, express receipts, correspondence and other instruments used in connection with this Purchase Order. Seller shall forward its invoice to the address specified elsewhere in this contract. Payment due date, including discount periods, shall be computed from the later of the scheduled delivery of goods date, the actual delivery of goods date or the date of receipt of a correct invoice. Payment shall be deemed made on the date Buyer's check is mailed or payment is otherwise tendered. Seller shall promptly repay Buyer any amounts paid in excess of amounts due Seller.

21. Choice of Law

This Purchase Order shall be governed by and construed and enforced in accordance with the internal law of the state shown in Buyer's address printed on the face of this Purchase Order, including its provisions in the Uniform Commercial Code, but specifically excluding the provisions of the 1980 United Nations Convention on the International Sale of Goods.

22. Confidential or Proprietary Information

- (a) Unless otherwise expressly agreed in writing to the contrary, all specifications, information, data, drawings, software and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction, unless (i) otherwise required by the U.S. Government Regulations referred to below, or (ii) Buyer has executed a separate agreement restricting the use and disclosure of such information, data, software and the like.
- (b) Unless otherwise expressly agreed in writing to the contrary and subject to subparagraph 22 (d) below, all specifications, information, data, drawings, software and other items which are (i) supplied to Seller by Buyer or (ii) obtained or developed by Seller in the performance of this Purchase Order or paid for by Buyer shall be proprietary to Buyer, shall be used only for purposes of providing goods or services to Buyer pursuant to this Purchase Order and shall not be disclosed to any third party without Buyer's express written consent. All such items supplied by Buyer or obtained by Seller in performance of this Purchase Order or paid for by Buyer shall be promptly provided to Buyer on request or upon completion of this Purchase Order.
- (c) Unless otherwise expressly agreed in writing to the contrary and subject to subparagraph 22 (d) below, any invention or intellectual property first made or conceived by Seller in the performance of this Purchase Order or which is derived from or based on the use of information supplied by Buyer shall be considered to be the property of Buyer and Seller shall execute such documents necessary to perfect Buyer's title thereto. Unless otherwise expressly agreed in writing to the contrary and subject to subparagraph 22 (d) below, any work performed pursuant to this Purchase Order which includes any copyright interest shall be considered a "work made for hire."
- (d) Applicable Government Procurement Regulations incorporated into this Purchase Order shall, when applicable, take precedence over any conflicting provision of this Section 25 to the extent that such Regulations so require. The incorporation by reference of such U.S. Government Regulations dealing with subcontractors rights in Technical Data, subject inventions, copyrights, software and similar intellectual property are not

intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted Buyer pursuant to prior agreements between the parties.

23. Work on Buyer's or the Government's Premises

In the event that Seller, Seller's employees or agents enter on to Buyer's or the Government's premises for any reason in connection with this Purchase Order, Seller and such other parties shall take all necessary precautions to prevent the occurrence of any damage to persons or property during the process of such work. Seller shall defend, indemnify and hold Buyer and the Government harmless against all liability, damage or loss resulting in any way from any act, or omission on the part of Seller, its agents, employees or subcontractors. Seller shall also indemnify and hold harmless Buyer and the Government against any liability for any injury to any employee of Seller or any damage to any property of Seller which arises out of, or in connection with, the performance of work under this Purchase Order.

24. Indemnity

- (a) Seller shall keep its work and all items supplied by it hereunder at Buyer's premises free and clear of all liens and encumbrances, including mechanic's liens, in any way arising from performance of this Purchase Order by Seller or by any of its vendors or subcontractors. Seller may be required by Buyer to provide a satisfactory release of liens as a condition of final payment.
- (b) Seller shall, without limitation, indemnify and save Buyer and its customer(s) and their respective officers, directors, employees and agents harmless from and against (i) all claims (including claims under Worker's Compensation or Occupational Disease laws) and resulting costs, expenses and liability which arise from personal injury, death or property loss or damage attributed to, or caused by, the goods, services or other items supplied by Seller pursuant to this Purchase Order, including, without limitation, latent defects in such goods, services or other items, except to the extent that such injury, death, loss or damage is caused solely and directly by the negligence of Buyer, and (ii) all claims (including resulting costs, expenses and liability) by the employees of Seller or any of its subcontractors.

25. Assignments and Organizational Changes

- (a) Seller shall not assign any rights or obligations hereunder without the prior written consent of Buyer. Any purported assignment without Buyer's written consent shall be void. Seller agrees to obtain Buyer's written approval before subcontracting this Purchase Order or any portion thereof; provided, however, that this limitation shall not apply to the purchase of standard commercial goods or raw material.
- (b) No assignment, delegation or subcontracting by Seller, with or without Buyer's consent, shall relieve Seller of any of its obligations under this Purchase Order or prejudice any of Buyer's rights against Seller whether arising before or after the date of any assignment.
- (c) Buyer shall not be authorized to pay any proceeds due under this Purchase Order to Seller until Buyer receives written notification that the amount (reasonably identified) has been assigned and that payment is to be made to the assignee. If required by Buyer, assignee must furnish reasonable proof that the assignment has been made and unless he does so, Buyer may pay only Seller.
- (d) Any amounts assigned, pursuant to subparagraph (a) herein, shall be subject to offset or recoupment for any present or future claims of Buyer against Seller. Buyer shall have the right to make settlements and/or adjustments in the estimated cost and fee without notice to any assignee.
- (e) Buyer may assign this Purchase Order to (i) any affiliated company, (ii) any successor in interest or (iii) Buyer's customer.

- (f) Seller shall promptly notify Buyer in writing of any organizational changes made by Seller, including name or ownership changes, mergers or acquisitions.

26. Bankruptcy

In addition to the rights set forth in FAR 52.249-6, Buyer may terminate this Purchase Order for default, in whole or in part, by written notice to Seller if (i) Seller becomes insolvent or makes a general assignment for the benefit of creditors or (ii) a petition under any bankruptcy act or similar statute is filed by or against Seller and not vacated within ten (10) days after it is filed.

27. Waiver/Approval

- (a) Any action or inaction by Buyer or the failure of Buyer, on any occasion, to enforce any right or provision of this Purchase Order, or the granting of an extension for performance hereunder, will not be construed to be a waiver by Buyer of its rights hereunder and will not prevent Buyer from enforcing such provision or right on any future occasion.
- (b) Buyer's approval of Seller's technical documents and data shall not constitute any waiver of Seller's obligation to comply with the requirements of this Purchase Order or any contract at this or any lower tier.

28. Insurance

- (a) Seller shall be solely responsible for any and all Third Party Liability incurred by it in connection with the performance of this Purchase Order.
- (b) Seller shall maintain insurance, and as evidence of acceptance of responsibility, furnish to Buyer Certificates of Insurance, which shall be obtained and held on file at the facility where the work is being performed.
- (c) If the nature of the work is such that Seller will require use of additional contractors, each subcontractor will be required to maintain insurance coverage in the same amounts and likewise shall furnish Certificates of Insurance evidencing such coverage, to Buyer, before performing any work on the subcontract.
- (d) The following types of insurance and limits are required:
 - (1) Worker's Compensation and Employer's Liability insurance in accordance with all applicable Worker's Compensation, Occupational Disease and Occupational Health and Safety statutes
 - (2) Property Damage
 - (3) Professional Errors and Omissions
 - (4) Motor Vehicle Liability (Personal Injury and Property Damage)
